PREFACE

The economy is a nation's backbone. Without a strong currency, a nation cannot thrive. There are too many stories in the history of the devastation and fall of states. Like Iran, Afghanistan, Venezuela, Somalia. It is the country's strong backbone. If the spending is greater than revenue, so it is difficult for the economy to change. Today, all countries facing an economic crisis such as America, Italy, Brazil, and Indian GDP have decreased by nearly 23 percent due to Covid-19. Our book Financial Capitalism and Real Economy can help to overcome the bad economic condition to world. The application of real economy can be in many aspects. Real economy helps in case of, a) Highlights Transparency b) Enhance labor productivity (Marx variable capital) c) Capital production factor (Marx fixed capital) d) Productivity of labor and production capital (Total productivity of labor Factors) e) Emphasizes, in the market, the increase in labor productivity due to inequalities f) Highlights c, in the public, often there is a decrease in total productivity g) Highlights the need for the public to monitor and enhance labor productivity h) Allows permanent monitoring of all management activities i) Makes physiological capital the financial capital ii) It is a standard methodology -from barter to the global market, -for all types of activities, - for the entire world -viable web world.
